

GECKO PARENTS ASSOCIATION

www.geckoparents.org

Our purpose as a parent organization is to enrich our children's educational experiences by working together toward a common goal. We are committed to enriching our children's school experience through programs that both reward and create incentives for our children to want to succeed. We want to continue with our current traditions and develop new traditions, as well as promote school spirit and facilitate community outreach. Through fundraising and special activities we will become more united as parents for the benefit of our children and our school for today, for tomorrow, and for the future.
